**Goodwill of Central Arizona** presented Mesa-based Child Crisis Arizona with a check on Oct. 13 at its Phoenix Emergency Children's Shelter in Phoenix. Child Crisis Arizona was the third quarter Goodwill Gives Change Campaign recipient.

"We are delighted to receive this generous gift from Goodwill. We have enjoyed collaborating with Goodwill this past year in the expansion of our family classes and workshops at multiple Valley locations. It is a perfect union of two nonprofits working together to offer community members more options to improve their family life at no cost," said Torrie A. Taj, Child Crisis Arizona CEO. "As parents are utilizing the Goodwill Career Centers to better their professional life, they can also improve their parenting skills so they can strengthen their family and better the lives of their children."

Goodwill Gives is an opportunity for local, qualifying organizations to apply to be the recipient of Goodwill of Central Arizona's Change Campaign for one weekend.
